

# Creativity at Suburban City Center 2018 International Workshop towards Architecture and Urban Design for Asian Cities

Shibaura Institute of Technology Department of Engineering and Design Architecture and Urban Design Course  
 King Mongkut's University of Technology Thonburi School of Architecture and Design

The international workshop pursues visions of Asian cities in architecture and urbanism. King Mongkut's University of Technology Thonburi (KMUTT) from Thailand joined Shibaura Institute of Technology (SIT) at Tokyo 2018 following Tokyo 2015 and 2017, and Bangkok 2016. SIT and KMUTT collaborated eight days on workplace in a suburban city center different from one in major cities. The site was a triangle block 1230 square meters area next to JR Kashiwa Station in the heart of Kashiwa City, a bedroom city with 300 thousand population, 30 minutes by train from Tokyo. Each group designed a office block 6000 square meters floor-area corresponding FAR 500%.
